**DETAILED ACTION**

***Allowable Subject Matter***

1. The following is an Examiner's statement of reasons for allowance:

The prior art of record individually or in combination does not explicitly disclose a data processing system which initially stores a contents ciphering key applicable to a contents ciphering process as a header data corresponding to contents data and then executes a process for ciphering the corresponding contents data by applying said contents ciphering key contained in said header data; wherein said header data comprises a plurality of ciphered contents ciphering keys generated by said contents ciphering key respectively ciphered by applying mutually different key ciphering keys. Therefore claims, 1 – 29 are allowed.

***Conclusion***
